Summary

Frontend Engineer with 4+ years of experience building scalable, responsive, and accessible web applications using Vue.js, Nuxt.js, JavaScript, and TypeScript. Experienced in developing reusable UI components, integrating REST APIs, optimizing application performance, and delivering intuitive user experiences across enterprise platforms.

Experience

KoboSmart August 2025 - Present

Frontend Engineer

- Built responsive web interfaces for estate administrators, complementing the resident mobile application.
- Delivered data-heavy administrative dashboards supporting thousands of daily active users.
- Developed payment tracking, transaction verification, reporting, and estate onboarding features.
- Integrated REST APIs for real-time synchronization between the web admin system and mobile application.
- Architected scalable frontend state management with Pinia and reusable UI components.

Krystal Digital Solutions Limited

Frontend Intern October 2022 - April 2023

Frontend Engineer April 2023 - June 2024

Lead Frontend Engineer June 2024 - Present

- Progressed from Frontend Engineering Intern to Lead Frontend Engineer within two years through consistent delivery and technical leadership.
- Developed and maintained enterprise web applications across education, HR, identity management, and billing platforms.
- Built scalable Vue.js interfaces supporting over **150,000 active users**.
- Designed reusable UI components and frontend architecture that improved maintainability.
- Collaborated with backend engineers to integrate REST APIs and third-party services.
- Collaborated with frontend developers to improve code quality, maintain reusable components, and promote frontend best practices.

Education

Ekobits ICT Academy Diploma

Software development September 2021 - September 2022

National Open University B.sc

Computer Science January 2025 - Present
